HAWKSHEAD Relish COMPANY

Welcome to our new Hawkshead Relish Brochure, where you will find our full range of relishes, pickles and preserves. Old favourites feature alongside new innovations, keeping the range fresh and relevant, meeting market trends and consumer demands.

As ever our focus is around provenance. Being based in the English Lake District, a World Heritage Site is very much at the heart and soul of the company and we source our ingredients locally wherever possible. Regional inspiration coupled with international flavours give our products a unique and distinctive quality. We are proud of each and every product that is handmade here in our converted barn next to the picturesque Esthwaite Water.

We remain free from Gluten, Nuts and all our products are made by hand using traditional open pans. There are no preservatives, colourings or artificial flavourings, just great quality and a real passion for creating a delectable finished product that we are proud to put our name to.

Black Garlic

UMAMI (/u'ma'mi/) from Japanese meaning a pleasant savoury taste. The fifth taste dimension along with Sweet, Bitter, Sour and Salty.

Umami is the key flavour of Black Garlic, which is created through a long and slow cooking procedure over 6 weeks, with nothing added other than heat and moisture. Over this time the harsh heat of the garlic turns to sugar as it caramelises and becomes black and sticky.

In 2017 after a year of development we launched the Black Garlic Ketchup, with Onions, Tomatoes, Balsamic Vinegar and a host of spices and herbs this umami packed innovative ketchup captured the marketplace with interest. Within twelve months it has become our bestselling product across the whole Hawkshead Relish Range.

It has won Awards including a Great Taste Award, A Great British Food Magazine Award, runner up in the Grocer New Product of the Year Awards, Cumbria Life New Product of the Year Award and a World Innovation Award in 2018.

Nigel Barden TV and Radio Chef is a huge fan, featuring it on the BBC Radio 2 Drivetime show and said "A little goes a long way and rarely have I seen the Radio 2 Drivetime team silenced by a condiment!

Shortly after this success, a trip to India in early 2018 followed which inspired Mark to create the Black Garlic Pickle, which has a depth of flavour with whole pieces of Black Garlic, along with chilli, onions, dates and coriander. It won the ultimate accolade of Three Stars at the Great Taste Awards 2018 with judges commenting that it was a "An Utterly Delicious and Sophisticated Chutney".

During the long hot summer of 2018 our thoughts turned to BBQ's and Mark developed a Smoky version of the Ketchup using Halen Mon Anglesey Smoked Sea Salt and Smoked Water to give a subtle smoky flavour to this unctuous sauce. Ideal for BBQ's but also for adding to stews and dishes such as Chilli Con Carne.
